**Sing & Play**

This course will bring together the elements of sing and play. Whether you are interested in singing or just playing, this is the program for you. Play will bring the tradition of the “Concert Band” into the 21st Century. Instead of selecting only instruments of the European/American concert-band tradition, Play will be open to literally all instruments. Prior reading skills are not a requirement as Play will learn most of its repertoire the way lots of bands do – by ear. Participants must provide their own instruments at each rehearsal and be familiar with how to find and produce the right notes. This will be a place where musicians can learn to rock, funk, ‘folk’ and swing. If you have an instrument (any instrument at all) just sitting in a closet, dust it off and come play with us!

Sing is the main ensemble for, well what else, singing! This ensemble will emphasize expressive singing, intonation, interpreting lyrics, harmony, phrasing, rhythm and arranging in a group setting. All songs will with be performed with Play (our “concert” band) in a dynamic concert held at the end of the session. So whether you just love singing around the house or are a seasoned veteran of choirs, this is a great, and maybe the only, opportunity to hang out with other singers and belt out the great pop and rock songs of our time.
