### PROGRAM DESCRIPTION

This program provides students with a concentration of course work in the science of psychology appropriate for a psychology major in addition to a foundation in general education.

### PROGRAM GOALS

- To provide students with a foundation in general education.
- To provide a concentration of course work appropriate for a psychology major.
- To ensure transferability of course work to four-year colleges and universities.

### PROGRNM STUDENT LEARNING OUTCOMES

At the end of the program, the graduate will be able to:

1. Describe major historical contributors to the discipline of psychology.
2. Compare and contrast different schools of psychology.
3. Apply elements of non-verbal communication.
4. Describe the methods of research used in psychology.

### SPECIAL PROGRAM INFORMATION

Students in this program may select any psychology course to fulfill a psychology elective or they may select a thematic cluster of courses such as:

- Life-Span-related courses (PSY 105, 106, 107, 108), Mental Health-related courses (PSY 102, 104, 108), or Work-related courses (PSY 110, 111, 112).
