UPS Earn and Learn Program

If you are a regular, part-time UPS employee and would like to participate in the UPS Earn and Learn program, you have 2 options:

**Option 1**: The student will log into Edcor and create an application. The student will be responsible for submitting all documentation, including final grades, to Edcor. The student will be reimbursed directly through Edcor. **Payment or payment plan option for classes will be due at the time of registration.**

The student is responsible for any issues with Edcor; the school UPS administrator is not involved.

**Option 2**: The student will meet with a Camden County College UPS administrator every semester and the administrator will complete all necessary documents and submit final grades. The College receives reimbursement from Edcor directly; therefore, **payment will not be required at the time of registration, unless term bill exceeds approved amount.**

*Note: For Option 2 there is an administration fee that is charged and is deducted from the Edcor reimbursement.*

For Option 2, please make an appointment with the UPS school administrator at Camden County College:

Joe Pranzatelli  856-374-4854 or jpranzatelli@camdencc.edu
