Welcome to another year of Transfer News! Each edition will include transfer events, advising tips, new agreements, etc. Looking forward to a great year!
Linda Drexel
Coordinator of Career Program Advising and Transfer Services, Acting ext. 4079, ldrexel@camdencc.edu

Instant Decision Days
Wednesday, October 29 & Monday December 3, 10 a.m. – 6 p.m.
Blackwood Campus Advisement Office
Contact Adam Brown at 227-7200, ext. 4524 adam.a.brown@rutgers.edu

The next issue of Transfer News will be devoted to the details of the agreements in CCC’s partnership with Rutgers University! Stay tuned!

New Agreements
Widener University: Human Services into BSW
Holy Family University: Fire Science
For details, visit http://camdencc.edu/transferservices/4yearcollegeinfo.cfm

Rowan University
Education: Transfers are no longer required to enter through the Education Minor. There are no special admission requirements for those programs, but students are encouraged to take the PRAXIS Core as soon as possible.

New Majors:
BA Dance, BS Biomedical Engineering (fall only) and BS Biophysics
FA15: BS Translational Biomedical Sciences and BS Bioinformatics.

Admissions will be hosting live transfer chat sessions throughout the fall semester to answer questions about the process of transferring to Rowan. Sign up at http://www.rowan.edu/transfer/

Drexel University’s Music Industry degree does not accept transfers, but they have an Entertainment Arts Management program that has overlapping courses.
- Fall admission only
- Includes two 3 month Summer Co-ops
- Minimum GPA of 2.5
Visit http://www.drexel.edu/westphal/undergraduate/EAM/

CCC Students are going to the Ivy League!
Fall 2014, University of Pennsylvania accepted 7 CCC students into the College of Liberal and Professional Studies offered in the evening.

What CCC students should know:
- Tuition is ½ the traditional day rate + scholarships.
- Transfers have access to all 55 majors.
- If the courses needed are offered at night, students must take that timeslot, but if only offered in the day, they can take them at the evening rate.
- Penn operates on a course unit scale, requiring 32 units for a BA degree (as compared to 120 credits).
- Because of the level of writing and research required at Penn, transfer students take a writing course in addition to English Comp I and II.
- Students need to be prepared for the level of academic rigor at Penn. Example: A recent CCC graduate took a political science course his first semester at Penn and is required to read 15 books.

Transfer evaluations:
- Each academic department is responsible for evaluation of credits transferring into their department.
- The department chairs rotate, resulting in inconsistency in evaluation of credit and no centralized, standard list of accepted courses from transferring institutions.

To optimize transfer:
- Students should keep the syllabi to all courses taken at CCC. Students may need to send syllabi multiple times to different departments to have courses transfer. Some courses will not make the cut.
- CCC’s Gen Ed courses are most likely to transfer.

Student example:
- A 2014 CCC graduate was accepted to Penn. Penn accepted the equivalent of 13 course units; therefore, he is 40% complete.

Attending University of Pennsylvania is a wonderful opportunity for CCC graduates. Awareness of the details above will ease the transition. Spread the word!

Fall 2014 Transfer Fair
Wednesday, November 12, 9 a.m. – 2 p.m.
List of colleges available soon on www.camdencc.edu/transferservices
