PROGRAM DESCRIPTION

This open enrollment program is designed to prepare students for careers in the automotive industry as general automotive service technicians.

PROGRAM GOALS

- To provide quality, state-of-the-art training to those who wish to enter the automotive service industry as a technician.
- To prepare students to enter the automotive service field and serve as general automotive technicians.
- To encourage students to embrace lifelong learning by applying their credits toward the associate degree in automotive technology.

SPECIAL PROGRAM REQUIREMENTS

- The basic skills placement test must be taken for admittance. It is highly recommended that any basic skills classes needed be completed by graduation.
- At the end of the program, a 360-hour practicum or work experience is required, where students work in automotive service facilities where they can put theory into practice in actual work situations.

EMPLOYMENT OPPORTUNITIES

The program prepares students to work at all automotive service facilities, whether independent service organizations or new car dealerships.

Students who complete this program experience a very high job placement rate in the automotive industry as an:

- Automotive technician
- Automotive service writer
- Automotive parts counter specialist
