¹ Students must take six credits of one language. See Course Descriptions for requisites on placement.

² The following laboratory science courses are recommended for non-science majors: BIO-106, BIO-140, CHM-140, PHY-103.

PROGRAM DESCRIPTION

The program prepares students for transfer into four-year colleges or universities, primarily for majors in the arts, humanities or social sciences.

PROGRAM GOALS

- To provide students with a foundation in general education.
- To provide flexibility for students to choose courses suitable for their future major.
- To prepare students for transfer to a baccalaureate program.

PROGRAM STUDENT LEARNING OUTCOMES

- At the end of the program, the graduate will be able to:
1. Utilize tools of written and oral expression.
 2. Analyze the historical process and the interaction of political, social and economic institutions that affect change in world civilization through time.
 3. Speak, write, read and comprehend a foreign language and describe the cultural context for that language.
 4. Utilize the vocabulary and tools for inquiry in introductory courses in a variety of academic areas, including math, science and technology.

SPECIAL PROGRAM INFORMATION

As soon as possible students are recommended to access curriculum requirements of possible transfer institutions. This program provides numerous electives which can be used to tailor student needs to that transfer institution.
