		17	Total Minimum Credits		60

¹ It is highly recommended that students complete BIO-211, BIO-212, and BIO-221. Prerequisite BIO-111.

² Elective should be selected based on transfer institution's requirements.

PROGRAM DESCRIPTION

This program is designed for students who are seeking to transfer to a nursing or health science-related baccalaureate program. The successful student is academically prepared for transfer into the junior of a four-year college or university.

PROGRAM GOALS

- To provide students with a foundation in general education.
- To ensure transferability of course work to a baccalaureate program in nursing and related science-based health careers.

PROGRAM STUDENT LEARNING OUTCOMES

At the end of the program, the graduate will be able to:

1. Communicate in both written and oral formats.
2. Apply the scientific method of inquiry to analyze problems and draw conclusions from evidence and data.
3. Identify resources, obtain and critically evaluate information.
4. Model ethical professional behaviors in the role of a health care professional.

SPECIAL PROGRAM REQUIREMENTS

- Graduation from an approved secondary school or a GED is required.
- Nursing majors must attend a Nursing information session. The schedule of dates/times/locations can be found on the College webpage or by contacting S. Hansen at (856) 227-7200 ext 4359.

Highlights

Students graduating in this option are prepared for transfer in various nursing and allied health disciplines (such as physical therapy, physician's assistant, or occupational therapy.) CCC has transfer programs with LaSalle University, Widener University, The College of New Jersey, Thomas Jefferson University, Drexel University, Rutgers University, Thomas Edison State University, and Temple University to name a few.
